25X1

EPFNER, Karl

Power problems (Energiefragen) department of the Mining and Metallurgical Section of the Department for Basic Materials Industry.

FAUSER (fnu)

Coal Section of the Department for Basic Materials Industry; secretary to Richard Goschütz (q.v.).

25X1

FICHTNER (fnu)

Chief of the Mining and Metallurgical Section of the Department for Basic Materials Industry.

25X1

Up to 1955 a foreman at Leichtmetallwerk Rackwitz; then successor to Dr. Dieter Zaulek (q.v.) in the Main Administration RE Metallurgical Industry of the Ministry.

25X1

FLEMMING (fnu)

Auditing department of the Power Section, Department for Basic Materials Industry.

25X1

GLATZER (fnu)

Production and quality problems department of the Power Section, Department for Basic Materials Industry; worked on as problems.

25X1

GOSCHÜTZ, Richard

Chief of the Coal Section, Department for Basic Materials Industry.

25X1

GRÜTZKE (fnu)

Auditing department of the Coal Section, Department for Basic Materials Industry; works on requirement estimates and allocation of crude lignite. Has been in the Planning Commission for a number of years.

25X1

GUMPRECHT (fnu)

Power problems department of the Department for Chemistry.

HAMANN (fnu)

Power problems department of the Coal Section, Department for Basic Materials Industry.

25X1

HELMANN (fnu)

Metallurgy Section of the Main Administration for Prospective Planning. Up to 1951, planning chief of VVB Vesta Leipzig; later planning chief at Eisenhütten Ost, Fürstenberg. In his present position since 1955.

25X1

HENNECKE, Adolf

Technical development department of Coal Section, Department for Basic Materials Industry.

HOFFMANN, Fred (probably Alfred)

Planning department of the Coal Section, Department for Basic Materials Industry.

25X1

KOLTER, Hans-Joachim

Finance and procurement department of the Mining and Metallurgical Section, Department for Basic Materials Industry.

KRAUSE, Willi

Finance and procurement department of the Mining and Metallurgical Section, Department for Basic Materials Industry.

KUPFER (fnu)

Auditing department of the Power Section, Department for Basic Materials Industry. Has been in the Planning Commission for some time.

25X1

LEHMANN, Erich

Finance and procurement department of the Coal Section, Department for Basic Materials Industry.

LISCHKE (fnu)

Auditing department of the Power Section, Department for Basic Materials Industry; works on gas allocations. Has been in the Planning Commission for some time.

25X1

MELISZ (fnu)

Technical development department of the Coal Section, Department for Basic Materials Industry.

25X1

MEIJS, Erwin

Auditing department of the Coal Section, Department for Basic Materials Industry. Has always worked on coal in the Planning Commission, where he has been employed since 1947.

25X1

NAGEL, Kurt

Metallurgical Department of the Main Administration for Long-Range Planning.

PACHER, Kurt

Probably capital investment department of the Mining and Metallurgical Section, Department for Basic Materials Industry.

PRUTZEK (fnu)

Power Department of the Main Administration for Long-Range Planning.

RICHTER, Gisela

Capital investment department of the Power Section, Department for Basic Materials Industry.

25X1

RICHTER, Kurt

Capital investment department of the Power Section, Department for Basic Materials Industry; allocation of funds for power plants. Has held this position since 1954. Before that was personal adviser to the chief of VEB Metallurgie-projektierung. An engineer.

25X1

RICHTER (fnu)

Finance and procurement department of Coal Section, Department for Basic Materials Industry. Merseburg.

25X1

RIEDEL (fnu)

Finance and procurement department of the Power Section, Department for Basic Materials Industry. Formerly a stenotypist; now Referentin.

25X1

RÖPER (fnu)

Capital investment or technical development department of the Power Section, Department for Basic Materials Industry.

SANDE, Otto

Auditing department of the Mining and Metallurgical Section, Department for Basic Materials Industry.

CONFIDENTIAL

25X1

SCHNEIDER, Wilhelm

Planning department of the Mining and Metallurgical Section of the Department for Basic Materials Industry. Extensive knowledge of metallurgy.

25X1

SCHONFLIESS, Gerda

Finance and procurement department of the Power Section, Department for Basic Materials Industry.

25X1

SCHULZ, Heinz

Auditing department of the Mining and Metallurgical Section, Department for Basic Materials Industry.

25X1

SCHULZ (fnu)

Auditing department of the Coal Section, Department for Basic Materials Industry; works on requirements estimates for briquettes. Party member. Has been in the Planning Commission for some time.

25X1

SCHULEE, Fritz

Has been working in the field of fuels and thermal application / presumably in the Power Section of the Department for Basic Materials Industry.

25X1

SCHWABE (fnu) Dr.

Power Department of the Main Administration for Long-Range Planning. Was in the USSR in 1955 studying power utilization techniques and planning.

25X1

SEUME, Sonja

Planning department of the Power Section, Department for Basic Materials Industry; has worked for some time in the field of planning and auditing of electric power generation.

25X1

SIEBE, Karl-Heinz

Finance and procurement department of the Department for Chemistry.

25X1

STEINWAND, Rudolf

Chief of the Department for Basic Materials Industry.

THIESSEN, Johannes

Finance and procurement department of the Power Section, Department for Basic Materials Industry. Assisted in setting up the Artisans' Cooperatives. Representative in the Volkskammer.

25X1

TITE, RobertControl investment department of the Coal Section, Department for Basic Materials Industry. Coal engineer. Until early 1958 very active in planning of production levels for Abraum, crude coal, briquettes, smelting coke, bituminous coal and coke.

25X1

WENTZLAFF, Inge

Finance and procurement department of the Mining and Metallurgical Section of the Department for Basic Materials Industry.

25X1

WENZEL, Friedrich

Finance and procurement department of the Mining and Metallurgical Section of the Department for Basic Materials Industry. Works on requirements estimates and distribution of coal and coke for the metallurgical industry.

25X1

WICHMANN, Heinz

Personal adviser to Richard Goschütz (q.v.) in the Coal Section of the Department for Basic Materials Industry.

25X1

WIEBENTHAL (fnu)

Technical development department of the Coal Section, Department for Basic Materials Industry. Engineer.

25X1

WINKE (fnu)Auditing department of the Coal Section, Department for Basic Materials Industry; works on anthracite, coke, high-temperature cokes.

25X1

WINKLER (fnu) Dr. (Prof.)

Chief of the Chemistry Department, Main Administration for Economic Planning.

WITKOWSKI, Grete Dr.

Chief of the Main Administration for Long-Range Planning.

WOLF, Fritz

Capital investment department of the Coal Section, Department for Basic Materials Industry. Machine construction engineer. Was in the USSR in 1931/32 working as an engineer. From about 1954 to late 1956 he was chief dispatcher in the Ministry for Coal and Power. Then a department chief for production and investment planning and materials production for that Ministry.

25X1

WOLF (fnu) Dr.

Coal Department of the Main Administration for Long-Range Planning.

25X1

WOLF (fnu)

Female. Technical development department of the Coal Section, Department for Basic Materials Industry.

ZAULEK, Dieter Dr.

Metallurgical Department of the Main Administration for Long-Range Planning. Up to about 1952 worked on iron industry planning in the Planning Commission; promoted from senior adviser (Oberreferent) to department chief. From 1952 to about mid-1953, Chief of the Main Administration for NE Metallurgical Industry. From 1953 to 1954, Chief of the Main Administration for the Iron Industry. In 1955 returned to the Planning Commission, Main Administration for Planning in the Metallurgical Industry.

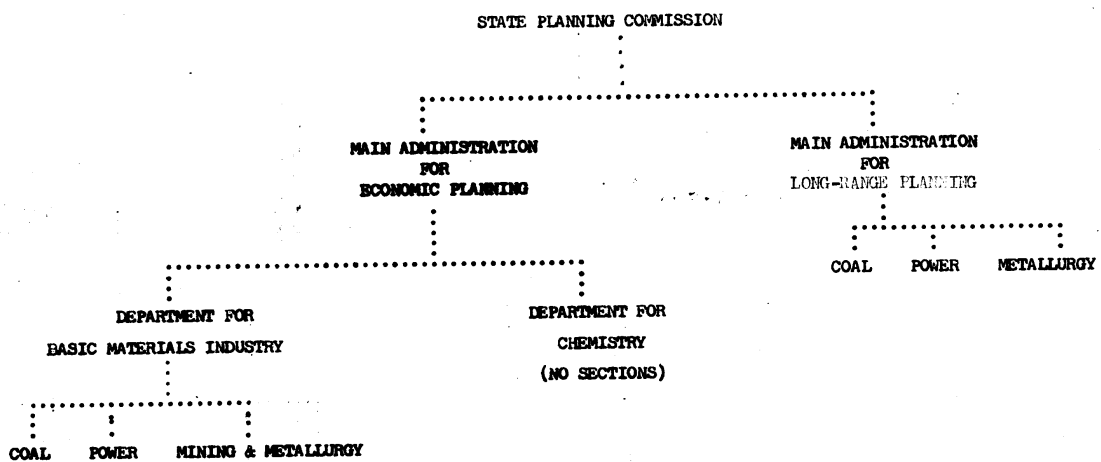

25X1

ZEISZIG (fnu)

Finance and procurement department of the Coal Section, Department for Basic Materials Industry.
